Midwest Institute Policy and Procedures for the CARES Act

5/24/2020

As a result of the recent pandemic, the US government has made emergency funds available to students. Students must complete an online application and attestation form and acknowledge they have incurred qualifying expenses related to the disruption of Midwest Institute's operations due to the coronavirus pandemic.

It is the intent of Midwest Institute to allow each student to submit an application demonstrating need and to answer the question of a changing family financial situation due to coronavirus which will make that student eligible to receive funds. Once all applications are returned, we will calculate how many students indicate need and are eligible and divide that number by the total amount of funds that are to be distributed to students.

This emergency student funding is only available to students that are actively enrolled in on ground programs beginning March 13, 2020 even if that course moved to an online format due to the pandemic, and those who will have started prior to June 30, 2020.

Students on an Approved Leave of Absence are also allowed to participate in the survey and receive funds. Withdrawals and graduates are not eligible.

Student must demonstrate need for costs incurred as a result of disruption of school operations due to COVID-19, including but not limited to food, housing, health care, course materials, technology, or child care.

Midwest Institute feels this is the best way to distribute these funds and the most effective way to make sure that those that need the help get it. We will not discriminate in the disbursement of funds. Funds will be processed on paper checks. We will ask all students for a current address so the checks can be mailed to students.
