## Midwest Institute Cost of Attendance Determination Disclosure

Cost of Attendance (COA) also is known as the student's "budget" for a specified period of enrollment, such as an academic year. It represents the maximum amount of financial aid that a student can receive, based on the school's best estimate of costs. Along with costs billed directly by the school — such as tuition and fees — cost of attendance takes other expenses into consideration, such as transportation, school supplies, and living expenses.

Rates Subject to Change
